Yacht Description

Majesty Yachts 120 superyacht – launched in 2020 and built to RINA classification and, this is a unique opportunity to acquire an as new 37m superyacht without the build time wait. This Majesty 120 presents exceptionally well and features the top build specification including a stunning luxury interior décor by the award winning designer Cristiano Gatto.

The stunning panoramic main deck salon and forward dining area leads to a beautifully appointed full beam main deck master suite. Located separately on the lower deck are four generous en-suite guest cabins. The Majesty 120 has a striking design and fabulous exterior layout offering an extensive sundeck complete with bar, jacuzzi and hardtop.

The upper deck boasts a private sky lounge and aft deck area which adjoins to a fantastic bow lounge. The large tender and toys garage easily converts to create a perfect beach club for guests to enjoy relaxing and watersports.

Personal and video inspections now being arranged – early viewings and offers recommended.

Buying into the Gulf Craft family ensure you receive the best value for your money. Most superyachts of this calibre would cost you millions more.
